In June 1820 Mary Ann, David and four small children left family and friends in Scotland and set sail for Canada. As members of an organization of Weavers they were granted 100 acres of land in Upper Canada (Ontario) and a loan of L10 per capita. They suffered many hardships but established an energetic and lovely community.

In Canada Mary Ann had six more children making ten in all. Twenty three years after arriving in Canada they heard the message of the Restored Gospel of Jesus Christ and after much study and prayer, the family with the exception of two were baptized (1843). Meetings were held in their home and it was a haven of rest for missionaries.

They sold their property and in June 1845 left with most of their family to join the Saints in Nauvoo. David's health failed and so they stopped and bought a farm near Monroe, Mich. Here Mary Ann made another home for her family and they continued to live the Gospel and were true to their baptismal covenants. In 1849 Mary Ann buried her beloved companion beside their daughter and 2 little grandchildren.

Mary Ann with great courage and devotion to the Gospel prepared her family to cross the plains where they could make their permanent home among the Saints. Because of difficulties they spent the winter of 1852-53 in St. Louis, Miss. After a hazardous journey they arrived at Winter Quarters in April 1853 and joined a company of 50 families bound for Utah. They had 2 wagons drawn by 2 span of horses, 3 yoke of oxen, 2 cows and ample provisions. Still they had many hardships: some walked the entire distance - shoes wore out and burlap was used but soon they were walking barefoot. What rejoicing as they entered the Salt Lake Valley: it took them 8 years and 3500 miles - to Zion.

Mary Ann with four children and three grandchildren settled at English Fort (Taylorsville) and in 1857 moved to Clover Creek, Rush Valley, Tooele County where she lived the rest of her life as a dearly loved and cherished mother and grandmother.

We pay tribute to this courageous and noble lady, ever faithful to the Church of Jesus Christ of Latter-Day Saints, who raised up a righteous generation. Three times she was a pioneer. We, her posterity, love Mary Ann and respect and honor her memory.

Mary Ann Vaughn Caldwell, born in Scotland a land of immense variety. It's northern most part is as near the pole as are the capitols of Russia and Finland. The country except for small coastal areas and a central lowlands, is mountainous.

Most of the land was held by the landed gentry in large estates, the tenant system of farming prevails except in the cities such as Glascow where work was to be found.

Some men chose to immigrate to Canada and accept a land grant proposition, They were given 100 acres of ground and 10 English £. per person. They were under the status of Military settlers. This money was to be paid back to the government and they in turn received deed to their lands.

Mary Ann came from Perks, Scotland to settle in canada as a young girl, she fell in love with and married David Caldwell.

The life of settlers was the life of extreme physical work in 1800, land had to be cleared tree by tree and food was grown, dried and preserved. Clothing made from the clipping of wool or growing flax to the spinning and weaving it's self.

David and Mary Ann, she a young mother of 16, accomplished this work and made a home for their children in Lanark, Ontario, Canada.

John was their first born, a boy to fulfill a fathers dreams and the next five were girls. All born in Lanark, then circumstances called them to Bathurst, Ontario, Canada their time was divided between Perth and Bathurst for the next few years and the last four children were born, the last in the spring of 1834.

It was in Canada that they first heard the Gospel of Jesus Christ of Latter-day Saints and they desired to join the Saints in Nauvoo, and we know that their daughter Maria, married William McIntosh on the wagon train, and they had to stay in some cities for a time to work their way to Utah.

Many times families traveled together, staying close by each other for love and support, each helping the other through births, deaths, and illnesses. Those Saints coming to Utah had many trials to bouy each other through. Perhaps they completed their journey with Maria's family and entered the valley 9 Sep. 1851 with the John smith Co.

Mary Ann was close to 60 when she came to Utah and David had died in November the year before.

The family went first to Sessions (Bountiful) then West Jordon before settling in Clover Creek, Toole, Ut. where she passed away at the age of 77, having lived 18 years longer than her beloved husband
